

Advit Foundation partners with Coca Cola India Inc. for water conservation projects in the communities of Gurgaon and surrounding areas. Advit Foundation will work with the communities and develop feasibility and details of the water conservation systems. Advit will on behalf of the community and Coca Cola India implement the plans. Coca Cola India has an active CSR programme to help make every drop of water count. Advit Foundation, works in the areas of community empowerment and environment conservation. Details of Advits water conservation initiative can be found on [www.advit.org](http://www.advit.org)
